FOREWORD

This annual list represents all state and local documents received at the Montana State Library since December 1, 1972.

The Montana State Library operates the Documents Distribution Center. Its main function is to supply copies of state publications to designated depository libraries in and out of state. To aid the depository libraries, a shipping list is sent each week. State Documents in the Montana State Library supersedes shipment lists 61-116.

The listing is divided into two parts: Part A, Montana publications; and Part B, Documents from other states, Montana municipal and regional governmental agencies. Also included in this section are local Federal Agency publications and some Federal documents specifically on Montana. The index is CUMULATIVE.

Special thanks to Molly Herrin, library assistant, Leslie A. Miller and Katie Roscoe, typists.
